About IBM Qiskit Fall Fest

Qiskit Fall Fest is IBM Quantum's global series of university-hosted events that introduce students, faculty and researchers to quantum computing using **Qiskit**, IBM's open-source software development kit for quantum computing. Host institutions around the world organize talks, hands-on workshops and hackathons so that participants can learn the fundamentals and write and run their own quantum programs. DBATU, Lonere was selected as a host institution for the 2026 edition, which was reported to be among about 160 institutions worldwide.

About Maharashtra Quantum Technology Mission

The Maharashtra Quantum Technology Mission (MQTM) is the Government of Maharashtra's state-level mission to build a quantum technology ecosystem in the state, aligned with the National Quantum Mission launched by the Government of India in 2023. The mission focuses on education, skilling of faculty and students, research and industry collaboration, with a stated roadmap of training around 500 faculty members and developing over 5,000 quantum professionals. DBATU is a spoke institute in the state mission and has received a grant of Rs. 2.5 crore under it to establish an advanced quantum technology laboratory and to conduct specialised training programmes for faculty members. The Qiskit Fall Fest 2026 at DBATU was organized under the aegis of this mission.
